10. Grading is a subjective description in the opinion of the cataloger, as to the state of preservation of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and not a grade or condition. Such terms are the opinion of the cataloger and shall be deemed to be part of the description and not an attribution. No warranty, whether expressed or implied, is made with respect to such adjectival descriptions, which can and do vary among experts.
11. Please note: Auction sales are not approval sales. You must assume the responsibility for paying for all material that is awarded to you.
12. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. 13. We can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.
14. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.
15. All photographs in this catalog are of the actual items being sold.

All lots sent to foreign countries, including Canada and Mexico, will be billed at an additional 1/2 of 1% for insurance. The minimum insurance fee is \$5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.
18. In the event a bidder fails to make remittance promptly, we reserve the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.
19. If the invoice for this sale is not paid for in full, when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid in full. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other costs incurred by Ponterio & Associates, Inc. 20. We reserve the right to postpone this sale for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event., which, in the judgement makes it inadvisable to hold the sale as scheduled.

23. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company.
24. Bidding in this sale constitutes acceptance by the bidder of all the forementioned terms and conditions of sale.
25. Please remember that the mail is sometimes very slow. Please mail your bid sheet early to be sure we receive your bids prior to the close of the sale.
26. We offer the service of limiting the total purchases of bidders. This service is available only to the bidders who wish to limit purchases of \$500 or more. To limit purchases, simply fill in the proper areas on the mail bid sheet. Bids may then be submitted for amounts up to three times the amount of your limit total figure. You may also enter your bids in an order of your preference. We will attempt to buy for you up to your limit in the order you designate. You may also select to bid on two similar lots with instructions to buy only one of them. For instance, if lot 102 and 103 were similar and you wanted only one of them, bid on both with instruction to buy only one. We will then attempt to buy for you one of the two for the lowest price.

INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

LOT	BID
#3	\$600
#9	\$700
#77	\$900
#99	\$1000

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #3 as \$600. If yours was the highest bid received, you would be the purchaser at \$600. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., July 8, 2002 through August 8, 2002 only.

BAGS OF SALT OR PEPPER, JULIUS CAESAR DENARII AND BANKNOTES

Our local newspaper had a few items of some "numismatic" interest recently and I thought you might find them somewhat interesting. The first refers to the expression "He isn't worth his salt" which evidently originated in ancient Greece where and when salt was traded for slaves. Similarly, Roman legionaries were supposedly paid "salt money" or "salarium argentum" from which the English word "salary" is derived. The other item is that during medieval times, pepper was so highly valued that it could be used for the payment of rent and taxes in many areas. A sack of peppercorns was quite valuable during these and later times and evidently in the late 19th century unscrupulous spice dealers "debased" peppercorn shipments with mouse droppings. True or not, I don't know but it makes an interesting story.

There's always something to learn or to relearn in collecting coins, paper money, tokens, or practically anything else and this is especially true with ancient coinages. I had my interest in the various portrait Denarii of Julius Caesar revived or reawakened while working with some of these interesting coins for this auction. I had recalled that there were several varieties of these but had forgotten just how many varieties there were. Hey, for many of us, having one example of these historic artifacts would be enough, but the different design elements, moneyers and text varieties add a great deal of interest.

The obverse design of these particular coins is the laureate head of Caesar right; varieties of the obverse are without titles, with various titles ("Caesar Dict. Perpetuo", "Caesar Imp", Caesar Dict. Quart", "Caesar Parens Patriae", "Divi Ivli", "S.C.", etc.) and with or without symbols before or behind the head (wreath & caduceus, lituus, star, jug, crescent, etc.). Major reverse designs include Venus standing left, Venus seated right, caduceus and fasces in saltire with other objects, Juno in biga, cornucopiae & globe, Mars standing, standing calf, legionary eagle, etc.; this is turning into a major collection in it's own right. For further interest, we next add in the names and varied inscriptions of 12 moneyers and we're up to more than 30 varieties of Julius Caesar Denarii !

Well, we're not quite finished with this as there are several Caesar portraits on coins issued in the names of Caesar and Mark Antony and Caesar and Octavian/Augustus. Coins with Caesar and Antony have the usual laureate head right with a jug behind/bare head of Antony right with several legend or bust varieties, the coins with Octavian have the usual laureate head right and bare head of Octavian on the reverse or laureate and bare heads facing one another while the issue with Augustus has Caesar's laureate head right with a comet above on the obverse and bare head of Augustus on the reverse. With these additional Caesar portrait Denarii we are now looking at 36 or so varieties; if you're really after an even more extended collection of Caesar portrait coins, you can get into a great deal of mischief with the Aureii and the numerous provincial AE issues. Whatever your goal, it will be interesting.

For those of you who may (or may not yet) be collectors of material such as this, the following are some references you will find useful:

- "Roman Republican Coinage" by Michael Crawford
- "Roman Coins and Their Values" by David Sear
- "Roman Silver Coins and Their Values", Volume I, by Seaby
- "Roman Imperial Coinage", Volume I, by Mattingly, etc.
- "Roman Provincial Coinage", Volume I, by Burnett, etc.
- "Coins and History of the Roman Empire" by David Vagi
- "The Coins of the Twelve Caesars" by David Van Meter

In addition to many nice ancients in this sale, we have quite a number of interesting banknotes and I want to spend some time with a few special areas of interest. First, we have a selection of 84 lots from Brazil, including numerous proofs, but my focus herein is mainly on some of the more popular vignettes produced by the American Banknote Company and widely used over the years. A very popular vignette, child holding caduceus and leaning on dolphin, appears on 1 Mil Reis of 1891 & 1918 (P-3 & 5; lots #365/6), bust of woman wearing mantilla left appears on the 2 Mil Reis of 1918 (P-13; lot #369), a child with upraised arms between reclining women is on the 5 Mil Reis of 1924 & 1925 (P-24 & 29; lots #374/5) and the vignette of a woman seated left between a helmet and globe appears on the 20 Mil Reis of 1919 & 1931 (P-46 & 48; lots #384/5). The very popular sailing/steam ship traveling away to the left in high seas is on the 50 Mil Reis of 1908 (P-53; lot #386), an "anchored" sailing/steam ship appears on the 1892 100 Mil Reis (P-60; lot #389) and the very popular vignette of a woman seated facing and holding radiate globe is on the 1912 100 Mil Reis (P-66; lot #391). Several other nice vignettes include a woman wearing "liberty cap" left, on the 200 Mil Reis of 1897 (P-73; lot #395) and a bust of a woman with wreathed head right appearing on 500 Mil Reis of 1908 & 1911 (P-86/7; lots #400/1) and the beautiful vignette of a facing woman "with downcast eyes" which appears on the 10, 20 & 1000 Mil Reis of 1926 (P-103/4 & 109; lots #405/7).

While discussing these notes of Brazil, I wish to mention several reference books which are very useful to a collector/researcher of these notes; "Catalogo de Cédulas do Brasil" by J. Vincius and "Iconografia do Meio Circulante do Brasil" by the Banco Central do Brasil. These two books have numerous illustrations of the fronts and backs of many, many notes and the Central Bank book has many color photographs as well; these are a great aid in identifying notes without Estampa numbers. Two other good references are "Cédulas do Brasil" by Amato, Neves & Schutz and "Cédulas Brasileiras" by D. Souza; these are very handy references with color illustrations, having signature combinations and other material, but backs of notes are not shown. If you like notes of Brazil you should have these books.

We have a wide range of material from China in this sale, 119 lots with many Pick or Smith Matravers unlisted notes and Ting unlisted bonds in addition to many scarce listed items, as well as 40 different Specimens of 1948-52 issues from the People's Bank of China, the largest grouping of such that I have seen at one time; there are a number of regional or local items which should also prove to be of interest.

The third area I want to mention is our major offering of early issues of North Vietnam, referenced by Pick and Daniel numbers; among the 76 lots in this sale are numerous multiple-note lots containing color, printing, watermark, control number and other varieties. There are many items from the 1946-52 period which are not listed in the references we use but which may appear in later works; another interesting lot is a group of 56 different Specimen notes (lot #901); this is the first time we have had such an offering.

I am sure that those of you who collect the notes of Brazil, China and/or North Vietnam will find more than a few things to tickle your fancy; if these aren't your collecting areas, there are many, many other nice notes being offered and I'm sure that there are some notes here that have been sought for a long time. Now you can get to work, so start turning pages and then bid, bid, bid!
